Message from the Vice – Principal

We hope that all Glenwood families had a wonderful Spring Break filled with fun and family. Staff and students look forward to another great month of learning filled with engaging opportunities in and out of the classroom. Some of the school wide highlights for April are the Battle of the Books, the start of track and field, and the ever popular Glenwood Talent Show. Please see the calendar posted on the school website for information about these and many other school events.

I recently had an opportunity to be toured through Glenwood's emergency kiosk by members of the PAC's Emergency Preparedness Planning Committee. I was so impressed by what I saw – the level of planning and care involved in creating and maintaining this important resource is remarkable. Thank you to the parents who have been involved in this process for many, many years. I would also like to thank the PAC for their ongoing fundraising efforts and for organizing the April 5th Parent Education seminar "The Problem with Discipline". I look forward to seeing many of you there at 7pm. Glenwood is fortunate to have such an involved and resourceful parent community!

Glenwood students from Division 1 showed both their art and design skills as well as their marketing savvy in last week's Burnaby Now. Several of Glenwood's submissions were accepted for publication including two of the full pagers! Well done!

We continue to move to a more web based, rather than paper based, communication platform. PAC newsletters, school newsletters, school calendars, and community items will be posted regularly on the school website and sent to parents through our e-mail list serve. We encourage you to subscribe to receive e-mail alerts to new web postings at the bottom right hand corner of the Glenwood website. A small number of newsletters in hard copy will remain available in the rack under the Community bulletin board at the front of the school. Thank you for your support and flexibility as we decrease our environmental footprint and move to a more timely method of getting information to our community!
